

Wyre Forest Young Voices Food Safety Policy

Wyre Forest Young Voices serves refreshments at during the rehearsal break – this consists of water or squash (served in plastic cups which are washed and provided by the rehearsal venue – Trinity Methodist Church), and pre-packaged biscuits which are purchased from a supermarket.

To ensure food safety, only food which arrives to rehearsal sealed in its original packaging with a full ingredients and allergen list may be given to choir members. Food allergies/intolerances are collected through the Confidential Member Information Form, and are all catered to.

The member of staff with responsibility for food safety and hygiene is Joanne Holmes, who holds a food safety certificate.

On tours and visits, meals may be provided to choir members. In these instances, it is the responsibility of the member of staff named above to ensure that all members are provided with a sufficient amount of food which is safe for them to eat.
